About the instructor:

Janice Fiore, MLS,
licensed Brain Gym®
practitioner since 2003,
is certified to teach Brain

Gym® 101, Brain Gym® 170 for Special
Needs Providers, Optimal Brain
Organization, and Visioncircles.

Janice has 37 years of experience in
public education, with degrees from
Wells College and Syracuse University.
She has a background in education and
whole-brain learning. She was an
instructor of the Education and Learning
Trust of New York State United Teachers,
offering graduate courses through the
College of St. Rose, Adelphi University,
and Empire State College.

Janice has given workshops on Brain
Gym® to teachers and businesses
throughout the country and has a private
practice with clients of all ages. She is
passionate about sharing tools to help
others reach their highest potential.

**DEVELOPING
VISION NATURALLY**

*Taught by Janice Fiore, MLS
Licensed Brain Gym®
Practitioner*

What is Visioncircles?

Visioncircles® offers you an opportunity to discover the incredible world which awaits you when you open to your full sensory awareness.

This 24-hour course is an exploration of eight areas, or circles, of perceptual intelligence. Taken together, the circles help you develop active vision. In each three-hour circle, you will use the Edu-K five-step educational process to balance for a personal goal related to vision.

Experience how your sight can be enhanced by your other senses! The learning menu includes 34 new Vision Gym activities, as well as Brain Gym® movements, art, and play experiences that easily translate to classrooms and other educational settings.

The course offers a developmental framework for understanding the acquisition of visual skills.
